Dear friends of Roshi Daniel Terragno and of Rocks and Clouds Zendo,

A few months ago, we discovered that our Rocks and Clouds Zendo in Sebastopol, built 25 years ago in the garage behind Daniel's residence, had become uninhabitable due to extensive and toxic mold infestation. To immediately address the acute situation, we had to close the building, and it had to be taken down to the studs. Mold remediation followed, as well as a new roof, new walls, and new HVAC. A French drain was installed to guard against such a situation in the future.

While the Zendo was closed, we met in Daniel's apartment for our regular Wednesday and Sunday gatherings. Daniel worked closely with the various contractors to ensure all the needed rehabilitation was addressed.

Due to the abundant generosity of a Sangha member, we were able to address the situation quickly and efficiently. But it was a costly repair for our small but dedicated Sangha.

We are now requesting your support in restoring our financial stability. Roshi Daniel has tirelessly given his time, teachings, and presence to so many of us in so many places over so many years! Supporting his home Zendo's sustainability means that he can confidently travel away for our benefit, whether that is Argentina, Chile, or Ohio. It means Rocks and Clouds can flourish and welcome in seekers safely and generously.

Roshi Daniel has not asked for dana for the sustaining of his home Zendo since that first renovation of the garage many years ago. We are now requesting your support in restoring the "home place", Rocks and Clouds Zendo, which he has established as *"a community practice home where the wish to wake up becomes a lived and embodied reality."*

If you are able to give, we invite you to consider a one-time gift or a continuing monthly contribution. Please give whatever amount is right for your life.

Suggested gifts of \$50, \$108, \$250, \$500, \$1,000, or more are all welcome.

Truly, every gift helps. We are grateful for whatever amount you are able to offer.

To give, visit the Zendo Renewal at <https://www.rocksandcloudszendo.org/>, email or send a check to Rocks and Clouds Zendo at 618 So. Main St. Sebastopol CA. 95472, memo "Zendo Renewal."

With deep gratitude for your practice and your generosity,

The Board of Trustees of Rocks and Clouds Zendo, Caminante Society.
